DATA BREACH AND
IDENTITY THEFT ARE ON
THE RISE

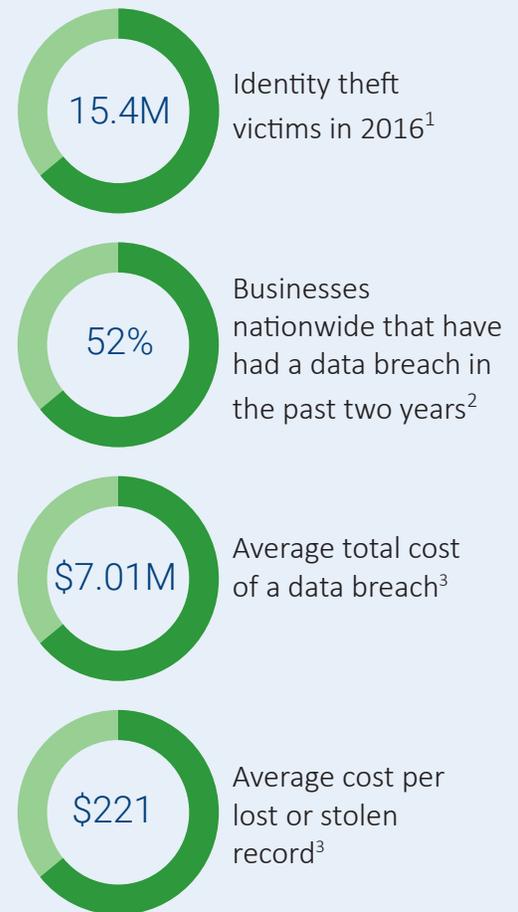

Innovative Solutions for Data Breach and Identity Theft

nxg|PROTECTSM offers the most comprehensive identity theft and data breach response solution in the industry, providing essential enterprise benefits for your financial institution and valuable identity protection to your account holders and employees.

In 2016, incidents of data breach contributed to over 15.4 million Americans becoming victims of identity theft.¹ As risks associated with data breach and identity theft continue to rise, nxg|PROTECT helps you to deliver services that can prevent or reduce the damaging impact of identity fraud and data breach while improving your account holder acquisition, retention, and yes – even improving your bottom line.
