

# VBA GUIDE TO RECORD RETENTION 2015

Banks pay the price for keeping records that should have been disposed of many years before. The nightmare and costs of unneeded litigation are topped only by the inability to find the records in a timely and efficient manner.

Does your bank follow current retention guidelines set forth by the federal government?

Take the guesswork out of storing customer information. Order your own copy of the Record Retention Guide today.

To order your copy of the **new** VBA Record Retention Guide (federal rules), simply complete the bottom half of this ad and fax it to: (804) 212.3713, attention Amy Binns.
