What is Banker Day? Every year, Virginia bankers gather in Richmond to meet with their delegates and senators. The meetings on Banker Day provide an opportunity for you to discuss upcoming legislation that may impact the banking industry and an opportunity for the legislators to ask questions of you. Please email Cindy Beazley at cbeazley@vabankers.org for more information on Banker Day.

Who are the Emerging Bank Leaders? The EBL is a group of emerging leaders within the banking industry. The VBA created the group in 2009, and since then, the EBL has grown to more than 500 members, which are split into six regions within the state. The mission of the group is to ensure a continuum of leadership for the future of Virginia banking, and their objectives are to work together to improve the financial literacy of Virginia's youth, positively influence the legislative landscape, and to network with one another in order to foster and develop their unique leadership abilities. For more information or to join the EBL, visit www.vabankers.org.

We look forward to seeing you in January!
