

3rd Year BankExec Presentation Assignment

To cap off your 3rd year of Bank School, you will be responsible for presenting what you learned through the BankExec program to two to three fellows and your community. The fellows are looking forward to a dialogue focused on your learning outcomes and are also looking forward to answering your lingering questions.

ASSIGNMENT

Create a PowerPoint presentation based on the performance and current standing of your bank. Include in your presentation the challenges you faced over the last two years, your key decision points that resulted in your bank's current financial performance, and your learning outcomes from the experience. Use the following questions to guide your discussion:

- What were your biggest challenges?
- What were your biggest victories?
- What were the key decision points that resulted in your bank's current financial performance?
 - What decision had a better outcome than you expected? What did you learn?
 - What decision resulted in an outcome that wasn't as favorable as you expected? What did you learn?
- What lessons learned through BankExec can you take home and implement in your regular job?
