

BANK SCHOOL SUGGESTED TECHNOLOGY

The Basics

- A laptop and dock or desktop with an i7 processor*
 - Wondering how to check?
 - PC: Windows Key > type the word "System" and that will bring up a list of system specs
 - Mac: CMD + Spacebar > type "About this Mac"
- Two flat screen computer monitors (24" or larger)*
- An iPad or Surface to use as a virtual chalkboard, if needed.* + Apple pencil.
- An external webcam
- A combination external speaker/microphone OR a comfortable and wireless headset an external microphone (Can be set on a table or attached to your monitor).
- An external mouse
- A surge protector/power strip
- Solid Internet
 - Minimum bandwidth: 2.5 Mbps (up/down)
 - Recommended bandwidth: 3 Mbps (up/down)

Non-essential, but nice to have....

- Monitor tripods, if you want to stand while teaching
- A laptop stand, if you want to stand while teaching
- A tabletop lectern
- Dimmable Light on tripod
- iPad Stand, to lift iPad off table for a better angle
- Notability or Reflector app to use on iPad for writing [can also use blank PowerPoint slides]
- Uninterrupted power supply (UPS) in case of power failure
