

TransUnion Enhanced Credit Report User Guide UNITED STATES

Thousands of companies around the world depend on TransUnion Credit Reports for the consumer **insight** they need to make the **best decisions**. This guide is designed to **introduce** you to the various sections of the TransUnion Enhanced Credit Report.

Credit Report Basics

TransUnion Credit Reports draw information from the TransUnion database, which contains files on more than 200 million consumers that's virtually every credit-active adult in the United States. The information in the database is provided by more than 85,000 credit-granting institutions and data furnishers. The database is updated, audited and monitored on a regular basis. As a result, you can count on current, comprehensive information when evaluating the financial responsibility of a prospect.

Using this Guide

This guide will walk you through the five standard types of information included in the print image credit report: Identifying Information, Public Records, Collections, Credit History and Inquiries. The following page shows a sample Credit Report that includes both standard information and optional features that can enhance the report.

Subsequent pages provider greater detail on each section, thumbnail diagrams showing where to find each section on the sample credit report, and descriptions of the fields and codes. The last page of the guide features all of the Credit Report Codes.

Additional Features

Depending on your business needs, you can make credit information even more powerful by adding optional features to your reports. Some of these options include:

ALERTS AND SPECIAL MESSAGES—Help reduce the risk of fraud and protect your customers

SCORING—Display scores that help predict future credit behavior

CREDIT INFORMATION—Quickly assess the consumer's financial health to help you make more accurate decisions

INQUIRIES—Streamline collection efforts by locating individuals quickly

Other options are available to help you make more informed decisions throughout the customer lifecycle.

To learn more about the TransUnion Credit Report or any of the optional features designed to help you achieve your specific goals, contact your TransUnion representative or visit us at transunion.com/direct.

Sample Credit Report This sample report is intended for educational purposes and cannot be used for testing. The actual Credit Report you receive will be customized to meet your specific request.

Highlights specific credit file conditions that may include:

- Presence of consumer statement
- No subject found
- Some optional products may also appear.

ID MISMATCH ALERT messages (optional) appear when the input address, SSN or surname does not match what is on file; when a minimum of four inquiries have been made against the file within the last 60 days; or when an invalid ZIP code is entered.

HIGH RISK FRAUD ALERT messages (optional) appear if address, SSN or phone number have been used in suspected fraudulent activity; if the information on an application is inappropriate, such as a commercial or institutional address; or if the SSN has not been issued by the Social Security Administration or is that of a deceased person as reported by the Social Security Administration. **SSN YEAR OF ISSUANCE** (optional) provides state, year/range of years and age of consumer when SSN was issued.

IDENTITY MANAGER VERIFICATION⁵⁴⁴ (optional) combines sophisticated data analytics and multisourced databases to verify and validate consumer-provided information, detect suspicious information, and identify potentially fraudulent transactions and/or accounts. Fraud messages are generated to alert subscribers of suspicious data and an identity/fraud score is provided which assesses the level of risk associated with the account. The ID Score[®] from ID Analytics[®] is available as an option for an additional lift in fraud detection.

OFAC NAME SCREEN (optional) is designed to screen an applicant's name against an enhanced U.S. Treasury Department's Office of Foreign Assets Control (OFAC) database of specially designated nationals (SDNs), drug traffickers and money launderers.

Provides a historical and current record of the consumer's buying and payment activities.

- Trades are available sorted by most derogatory, followed by date verified or vice-versa.
- Payment pattern is available displaying either 12 or 24 months.

Trade information includes the following:

ABBREVIATED NAME of credit grantor/data furnisher with whom consumer has an account

SUBCODE (in parenthesis): Credit grantor's Kind of Business (KOB) designator^{**} and TransUnion-assigned reporting subscriber number

ACCOUNT #: Consumer's account number with the credit grantor (for consumer protection reasons, partial or truncated account numbers are displayed within the tradelines)

ACCOUNT RATING: Type of Account (R, I, M, O, C) and Manner of Payment (MOP) code at which the account is currently reported^{**}

ACCOUNT TYPE: Collateral for an installment loan, or the type of loan

RESPONSIBILITY: Code representing the ownership designation on the account^{**}

REMARKS: If applicable, this field is used by data furnishers to further explain a special condition related to this account

CREDIT LIMIT: Maximum amount of credit approved by credit grantor

HIGH CREDIT: Highest amount ever owed by the consumer on that account

TERMS: Minimum required payment or number of payments, payment frequency and dollar amount agreed upon

BALANCE: Balance owed as of date verified or closed

PAST DUE: Amount past due as of date verified or closed

OPENED: Date the account was opened

PAID: Date the account was paid**

 $\ensuremath{\mathsf{CLOSED}}\xspace$: Date the account was closed

VERIFIED: Date of last update on the account**

LATE PAYMENTS: Amount of payments that are 30, 60 and 90 days late

DELINQUENCY: Indicates the date on which the maximum level of delinquency for that account occurred and the dollar amount of consumer's maximum delinquency

PAYMENT PATTERN: The subject's payment pattern with his/her actual rating or Manner of Payment (MOP) over a period of time. Depending on which option a customer chooses, either 24 months or 12 months of information will be shown. The default setting is 24 months. The first position on the left of the first row corresponds to the account status of the previously verified month. This will not correspond to the Account Rating field, which represents the most recently reported account status, usually the current month on open or active trades. Each subsequent position to the right corresponds to one month further back in time.

In the first example above, the first half of the Payment Pattern field is 445543211111. The first position indicates the information reported one month prior to verified date (MOP = 4):

Manner of Payment (MOP)

One month ago	MOP = 4
Two months ago	MOP = 4
Three months ago	MOP = 5
Four months ago	MOP = 5 Etc.

** See the Credit Report Codes page of this brochure for more details.
