

## Introducing Technology-Based Pet Insurance

With the Figo mobile app and  
Pet Cloud, managing your pet's  
life has never been so easy.

## What is Pet Insurance

A health insurance plan that covers the illnesses and injuries of your pet. This includes veterinarians, ERs, and specialists.

## How It Works

If your pet is sick or injured, you can receive treatment from any licensed veterinarian in the U.S. or Canada.

## What It Covers

All illnesses and injuries, including hereditary and congenital, are covered as long as they were not pre-existing conditions.

## NEED TO KNOW

### Pre-Existing Conditions

All pet insurance companies exclude pre-existing conditions.

### Waiting Periods

Waiting periods are standard. With Figo we have a 5-Day waiting period for injuries and 14-Days for illnesses.

### Deductibles

Unlike some companies, Figo's deductibles are annual, not per condition.

### Billing

Monthly premiums are processed 10 days prior to the next month's billing date. There is a \$2 monthly fee for credit cards and no fees for ACH.

## OUR PLANS

	ESSENTIAL	PREFERRED	ULTIMATE
Annual Vet Fees	\$10,000	\$14,000	Unlimited
Emergency Boarding	●	●	●
Advertising & Reward		●	●
