### GUIDELINES FOR A HEALTHY WORKPLACE

#### Stop the Spread of Germs

**Employees** - Stay home or leave work if sick; consult doctor if sick, and contact supervisor

**Employers** - Instruct sick employees to stay home and send home immediately if sick

**Employees** - Pre-screen employees exposed to COVID-19 for temperature and other symptoms

Wash your hands often with soap and water for at least 20 seconds

If soap and water are not available, use a 60% alcohol-based hand sanitizer per CDC

Avoid touching your eyes, nose, and mouth with unclean hands

Wear mask/face covering per CDC & FDA

Never touch Ready-to-Eat foods with bare hands

Use single service gloves, deli tissue, or suitable utensils

Wrap food containers to prevent cross contamination

Follow 4 steps to food safety: Clean, Separate, Cook, and Chill

**Employees** - Stay home or leave work if sick; consult doctor if sick, and contact supervisor

**Employers** - Instruct sick employees to stay home and send home immediately if sick

**Employees** - Pre-screen employees exposed to COVID-19 for temperature and other symptoms

Disinfect high-touch surfaces frequently

Use EPA-registered disinfectant

Ensure food containers and utensils are cleaned and sanitized

Prepare and use sanitizers according to label instructions

Offer sanitizers and wipes to customers to clean grocery cart/basket handles, or utilize store personnel to conduct cleaning/sanitizing

#### Protection Your Staff and Your Customers

Help educate employees and customers on importance of social distancing

- Signs
- Audio messages
- Consider using every other check-out lane to aid in distancing

Avoid displays that may result in customer gatherings; discontinue self-serve buffets and salad bars; discourage employee gatherings

Place floor markings and signs to encourage social distancing

Avoid displays that may result in customer gatherings; discontinue self-serve buffets and salad bars; discourage employee gatherings

Place floor markings and signs to encourage social distancing

#### Curbside and Delivery Solutions

If offering delivery options: Ensure coolers and transport containers are cleaned and sanitized

Maintain time and temperature controls

Avoid cross contamination; for example, wrap food during transport

Encourage customers to use "no touch" deliveries

Notify customers as the delivery is arriving by text message or phone call

## OPEN

FOR DELIVERY & CURBSIDE PICKUP

Establish designated pick-up zones for customers

Offer curbside pick-up

Practice social distancing by offering to place orders in vehicle trunk
