# VBA Bank Day Scholarship Program
UNDERSTANDING CREDIT & MANAGING STUDENT LOANS POWERPOINT USER GUIDE

This PowerPoint can be used to focus on the importance of understanding credit, credit score, and making informed decisions about paying for college.

- Click here to download the PowerPoint presentation:
  http://www.vabankers.org/bank-day-resources

- This PowerPoint can be used however you deem fit. Feel free to delete slides or add images, quotes, video clips, and more.

- On many of the slides, there is extra information written in the notes section to help you with your presentation.

- The PowerPoint has been broken down into two main sections. Consider having at least two bankers present together.

- This PowerPoint can be supplemented with two additional resouces (both available for download on the Bank Day resources webpage):
  - Paying for College resource
  - Snapshot of Federal vs. Private Loans resource

- This PowerPoint also has a student guide that contains more information and copies of each slide. Click here to download the student guide: http://www.vabankers.org/bank-day-resources

- After each section, make sure the students are still following you. Leave time for questions and take breaks if necessary.

- Provide contact information for each employee that speaks so that students can follow-up afterwards with questions or for guidance with their essays.

If you need help creating/editing your Understanding Credit & Managing Student Loans PowerPoint, please email Monica McDearmon at mmcdearmon@vabankers.org.
