

Updated Medical Plan Names for 2026

■ The Benefits Corp is updating the medical plan names to highlight the Anthem network the plan utilizes and to be more consistent with how Anthem refers to networks on their website.

■ Each medical plan name will start with the network name (KeyCare or HealthKeepers) followed by the copay or deductible amount.

■ You will notice for 2026 that there are two sets of medical plans with the same benefits (deductible, coinsurance, etc.) with the only differentiator being the network.
