- Through this program, Virginia high school seniors learn about banking, financial services, and the vital role banks play in their communities.
- Bank Day is also our opportunity to expose young people to the merits of careers in banking.
- The students are required to write essays based on their experiences and college scholarships are awarded on the basis of the essays.

WHAT IS BANK DAY?

- This is the **14th** year since the program was revived and reformatted in 2012.

- More than **650** students registered to participate at **29** banks for the 2024 program!

ESSAY TOPIC

Using what students learned during their Bank Day experiences, students will be asked to write essays on the following topic:

What did you learn during the Bank Day program that will help you manage your financial future AND what did you learn about how banks support their communities?
