---------------------------------------	---

The calendar year Deductible applies to pharmacy and medical claims. Each individual family member must meet the individual deductible unless the family deductible has been met. Once met, your covered prescriptions are subject to the copay above. Generic dispense as written penalties do not apply to the deductible. The deductible does apply to the maximum out of pocket (MOOP).

The calendar year MOOP applies to pharmacy and medical claims. Each individual family member must meet the single MOOP unless the family MOOP has been met. Once met, your covered prescriptions are paid at 100%. Generic dispense as written penalties do not apply to the MOOP.

Specialty Medications

Specialty medications are high-cost drugs that are often injected or infused and require special storage and monitoring. These medications must be obtained through Accredo specialty pharmacy by calling Accredo at 1.800.803.2523. Some exceptions apply. These medications are limited to a 1-30 day supply. Specialty medications largely fall into the formulary brand category but could also fall into the biosimilar or generic specialty drug category. These medications are subject to the appropriate co-insurance as listed below. Accredo Specialty Pharmacy also offers pharmaceutical care management services designed to provide you with assistance throughout your treatment.

Specialty Medication	Accredo
Specialty Generic	20% Coinsurance (\$200.00 Maximum)
Specialty Preferred Brand	20% Coinsurance (\$200.00 Maximum)
Specialty Non-Preferred Brand	20% Coinsurance (\$200.00 Maximum)

Retail and Mail Order Pharmacies

Virginia Bankers Association participates in the Express Scripts pharmacy network. Contact RxBenefits Member Services at 1.800.334.8134 to inquire about a specific pharmacy.

Manufacturer Copay Assistance Program (MCAP)

Some specialty medications may qualify for third-party copayment assistance programs which could lower your out of pocket costs for those products. For any such specialty medication where third party copayment assistance is used, you will not receive credit toward your maximum out of pocket or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate. Your employer has elected to enroll in Express Scripts' OOPP only program(s).

Generic Policy - Dispense As Written (DAW)

If your doctor writes a prescription stating that a Generic may be dispensed, we will only pay for the Generic drug. If you choose to buy the Brand name drug in this situation, you will be required to pay the Brand copay/coinsurance plus the difference in cost between the Generic and Brand name drug. The Generic Policy does not apply if your doctor requires a brand name medication.

Virginia Bankers Association

Maintenance Drug

A medication that is used for chronic health conditions on an ongoing or long-term basis (e.g., antihypertensive medication taken daily to control high blood pressure).

For detailed information on your Retail 90 network contact RxBenefits Member Services at 800.334.8134 to inquire about a specific pharmacy.

Preventive Medications

Your employer's plan is subject to the Affordable Care Act (ACA) which requires the coverage of a number of preventive items and services at 100% and ensures these items and services are not subject to deductibles, maximum out of pockets, or other limitations such as annual caps or limits. You may contact RxBenefits Member Services at 1.800.334.8134 if you have specific drug questions or register at express-scripts.com to check drug costs and coverage.

If enrolled in the HDHP/HSA Plan, the medications on the Standard Plus Preventive Medications List are covered at copays above and will bypass the Deductible.

Compound Drugs

For compound drugs to be covered, they must satisfy certain requirements. In addition to being medically necessary and not experimental or investigative, compound drugs must not contain any ingredient on a list of excluded ingredients. Any denial of coverage of a compound drug may be appealed in the same manner as any other drug claim denial under this coverage. Compounded medications equal to or exceeding \$300 per script will require prior authorization.

Step Therapy Program

Certain medications may be subject to step therapy. You could be asked to try one of the first or second level options before certain drugs are covered by the plan.

High Dollar Claim Review, Prior Authorization and Appeals program (HDCR)

Medication costs exceeding \$1,000 per 30-day supply and \$3,000 per 90-day supply require prior authorization.

Low Clinical Value Drug List (LCV)

Separate formulary exclusion list including low clinical value drugs, me too drugs, new to market drugs, and non-essential.

Formulary

A list of Federal Drug Administration (FDA) approved Prescription Drugs and supplies developed by a Pharmacy and Therapeutics Committee, and/or customized by Express Scripts or RxBenefits. This list reflects the current clinical judgment of practicing health care practitioners based on a review of current data, medical journals, and research information. In your prescription drug coverage, the Formulary Drug list is used as a guide for determining your costs for each prescription. Drugs not listed on the National Preferred Formulary may not be covered. Your formulary is National Preferred.

The following lists are not all-inclusive, but rather are lists of the most commonly used prescription drugs. These lists are subject to change. The Express Scripts formulary provides an up-to-date list of medications that may be covered by the program. The Express Scripts formulary may be found online at express-scripts.com. You may also contact RxBenefits Member Services at 1.800.334.8134 to learn whether a specific drug is covered.

Covered Drugs and Supplies

The following examples of Covered Drugs and supplies may be available with your prescription benefit coverage. Covered Drug Limitations

Certain Prescription Drugs are covered up to preset limits. These limits are based upon standard FDA approved dosing for the medications. If you request that a prescription be filled for a drug that is subject to quantity limitations, the prescription will be filled up to the preset limits. In some cases, it may be medically necessary for you to exceed the preset limits. In those instances, Prior Authorization is required. In such cases your doctor may initiate Prior Authorization by calling RxBenefits toll-free at 1.800.334.8134. Several hundred drugs are subject to quantity limitations for patient safety based on FDA guidelines. Your plan has identified the following drug categories for Quantity Limits.

- Gastrointestinal-Antimetotics
- Infertility
- Influenza
- Insomnia/Sedative Hypnotics
- Migraines
- Opioids
- Pain/Narcotics
- Antifungal

For more information about specific drugs subject to coverage limitations, please call RxBenefits Member Services at 1.800.334.8134 or visit [express-scripts.com](https://www.express-scripts.com).

Prior Authorization and Appeals

If a prescription drug claim is wholly or partially denied, you or your authorized representative has the right to appeal the decision. You or your authorized representative may appeal the denial no later than 180 days after receiving notice of an adverse claim decision. Appeals of prescription drug claims are handled by RxBenefits and are decided in accordance with the terms of the plan document. Following a clinical review, one of four actions will occur: the medication is approved, the medication claim is denied, the doctor may decide to withdraw and prescribe a different medication, or the reviewer can dismiss the claim due to lack of communication from the prescriber. If denied, the appeal process is available.

The following medications may require a prior authorization under your plan:

- Anabolic Steroids
- Anti-Obesity/Anorexiant
- Erectile Dysfunction
- Fentanyl
- Growth Hormones
- Narcolepsy
- Narcotics
- Oral/Intranasal Fentanyl
- Suppression
- Topical Acne
- Topical Fentanyl
- Sleep Disorder (Insomnia, Hypnotic)

The Appeal Process

If denied, the member may appeal the decision. Upon appeal, a second pharmacist reviewer will evaluate the prior authorization and make a decision (approved/denied). If denied a second time, a final appeal may be made, which is forwarded to an outside medical reviewer. If denied, there are no further appeals.

Your doctor may initiate the Prior Authorization, quantity limit, high dollar claim review or any other rejection process by calling RxBenefits at 1.800.334.8134.

Exclusions

Coverage is not provided for:

- OTC Products
- Standard OTC Equivalents
- Insulin Pumps
- Anti-Obesity/Anorexiant
- Fertility(Oral)
- Fertility(Injectable)
- Fertility(Intra-Vaginal)
- Hair Growth Stimulants
- Medical Foods (Rx)
- Injectable/Implantable Medications

Pharmacy Identification Card (ID Card)

Your pharmacy ID card enables you to participate in the prescription drug card program. Present your separate pharmacy ID card to the pharmacist when obtaining a prescription to ensure you get the benefit of the prescription drug card program. Please contact RxBenefits Member Services at 1-800-334-8134 for pharmacy processing information.

Definitions:

Co-Insurance

The percentage of charges a Participant is required to pay for covered prescription drugs.

Copayment (Copay)

The specified charge you are required to pay for a Covered Drug.

Virginia Bankers Association

Brand-Name

A Prescription Drug that is protected by a patent, supplied by a single company and marketed under the manufacturer's brand name.

Generic Drug

A generic drug is identical to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics, and intended use. Although a generic drug is chemically identical to its branded counterpart, it is typically sold at substantial discounts from the branded drug's price.

Over-the-Counter Drug (OTC)

Any medical substance that can be purchased without a prescription. OTC medications are not covered by your plan unless otherwise stated.

Non-Preferred Brand

Non-Preferred Brand is a Brand Name prescription drug that does not appear on the formulary of Brand Name Drugs designated by Express Scripts as Preferred. Members may pay a higher cost for Non-Preferred Brand-Name Prescription Drugs than for Preferred Brand-Name prescription Drugs.

Preferred Brand Drug

Preferred Brand Drug is a prescription drug that appears on the formulary of Brand-Name Prescription Drugs designated by Express Scripts Preferred. This list is subject to periodic review and modifications by Express Scripts. Members may obtain a copy of this list by contacting RxBenefits Member Services at 1.800.334.8134 or by registering on [express-scripts.com](https://www.express-scripts.com). Members pay a lower copay/coinsurance for Preferred Brand-Name Prescription Drugs than for Non-Preferred Brand-Name Prescription Drugs.
